

PERTEMUAN ILMIAH TAHUNAN (PIT) HIMPUNAN AHLI TEKNIK TANAH INDONESIA (HATTI) XXVI

Geotechnical Engineering to Support Sustainable Infrastructure Development *From Theory to Practice*

Jakarta, 8-9 November 2022

Keynote Speakers:

Prof. Widjojo Adi Prakoso, Ph.D
HATTI President

Dr. Marc Ballouz
ISSMGE President

Prof. Kenichi Soga
University of California, Berkeley

Prof. Paulus P. Rahardjo, Ph.D
Parahyangan Catholic University

Prof. Kuo-Hsin Yang
National Taiwan University

Sindhu Rudianto, PE, GE
PT. Geo Prima

Ir. Davy Sukamta
Davy Sukamta and Partners

Prof. Richard Jardine
Imperial College London

Important Dates:

- Abstract Submission EXTENDED**
18th June 2022
- Abstract Announcement**
Starting 28th May 2022
- Full Paper Submission**
5th September 2022
- Full Paper Announcement**
7th October 2022

Topics:

Ground subduction and sea-water intrusion
Geotechnical Earthquake Engineering and Seismic Hazard
Soil Improvement
Geotechnical Engineering for Dams
Trenchless Technology for Urban Development
Foundation and Its Problem
Deep Excavation, Basement, and Tunnel
Unsaturated Soil Mechanics
Sedimentary and Residual Soils
Geotechnical Instrumentation
Geotechnical Laboratory Testing

Formats and Submission:

Publication Opportunities:

Journal of Geo-Engineering (JOG - Q3)
Journal of Civil Engineering Forum (JCEF - Sinta 2)
Indonesian Geotechnical Journal (HATTI Journal)
Proceeding PIT HATTI 2022

Special Remarks:

Certificate can be claimed for SKPK!
Special session is provided for young engineers and students by HATTI
AMM with surprise awards for its best speakers!
Detailed information can be seen in the website
